It is improving the quality of noise nuisance reporting and enables Housing Patch Mangers to quickly triage complaints of noise nuisance and intervene swiftly.

<p><i>Note: . Overall tenant satisfaction with the ASB service - The average score (Percentage) for each survey question. Data for this indicator is not available by ward..</i></p>							<p>Whilst overall satisfaction is above target there are areas which require a continued focus, including keeping customers informed about their case and speed in which the case was dealt with.</p> <p>We will continue to have a focus on the frequency of victim contact and quality of information and updates provided to victims. Regular case reviews conducted by Area Housing Managers will ensure there is a continued drive in this area.</p> <p>Mediation has been used on a range of antisocial behaviour issues. Referrals have covered issues including household noise, loud music, pet nuisance, parking issues and fencing disputes. The service has achieved customer 100% satisfaction to year to date 2016/17 and is empowering residents to work together to resolve disputes and find new and better ways of dealing with each another.</p>

AC5-3 Rent Collection

Performance indicator and definition	Target	2017/18			2016/17	2015/16	Latest Note
		Value	Status	Long Trend	Value	Value	
<p>% of rent collected</p> <p><i>Note: This PI measures the amount of rent collected (including tenant arrears) as a percentage of rent due for the current year. Data for this indicator is not available by ward and is reported city wide.</i></p> <p><i>Trend shows as improving if value is over 100% as arrears are decreasing.</i></p>	100%	99.03%			100.29%	100.25%	<p>Rent collection was 98.85%, against the 100% target; this is comparable to the position at the end of quarter one last year. Arrears at the end of the fourth quarter were £2.67 million of the annual debit of £103 million.</p> <p>The continued roll out of the Government's Welfare Reforms is having an impact on the rents performance. In the first three months of this financial year we received £674,085 less in Housing Benefit payments, although the amount of rent charged only reduced by £39,147, giving us the challenge of having more money to collect. There was an increase in cash collection of £621,350 for this period compared to the first quarter of 2016/17.</p> <p>An increased number of our tenants are now in in temporary, irregular and low-paid employment (such as zero-hours contracts). This has exacerbated the problem of frequent Housing Benefit suspensions, making rent collection more challenging.</p> <p>The roll out of Universal Credit cases continues to affect the overall rents performance. There are currently 434 total cases with 354 live cases. The debt on these cases is £192,752.81 - an increase of £83,018.87 due to UC. This is impacting on our ability to reduce the overall debt, which was 2.54% of the annual debit of £103 million at the end of quarter one. We are working hard to reduce this debt; we have the first of our UC days of action planned at the Woodlands on 28th July. The whole of the North Team, including Tenancy Sustainment Officers will be based in the blocks for the day talking to tenants about UC and taking enforcement action where appropriate. We are also working on a revised process for dealing with UC cases and will be rolling out refresher training to all RAMs and TSOs over the next few weeks. A corporate programme of work continues, designed to ensure that the whole of NCH responds to the challenges of UC and wider welfare reforms. The Welfare Reform Programme Board is working closely with strategic partners such as the DWP, NCC and voluntary sector groups to mitigate the impact of Welfare Reform on our</p>

							<p>tenants and our rent performance. It will also monitor the actions taken to mitigate against the impact of UC. Last financial year, we commenced the 'Rent First' campaign with a series of events aimed at raising awareness amongst staff and residents of the importance of paying rent on time and this will continue next year. There will be articles in staff and tenant publications, in addition to messages on social media.</p> <p>We are continuing to meet our target for evictions, however we have completed 31 so far this financial year and this compares with 27 at the same point last year. The numbers are likely to increase as the team tackles the higher level debt, although eviction is only ever a last resort and we try where possible to work with tenants to resolve their debt by other means.</p>
<p>% of tenancies ending due to eviction</p> <p><i>Note: This PI monitors the percentage of tenants being evicted due to rent arrears and is reported citywide.</i></p>	0.43%	0.36%			0.36%	0.43%	<p>We are below target and have carried out less evictions that at this point last year. We have evicted 76 tenants for rent arrears so far this financial year. At the same point last year we had evicted 83. We continue to focus on tenancy sustainment and supporting our tenants who find themselves in financial difficulty.</p>
