Summary of issues (including benefits to citizens/service users): In order to ensure continual service development and to provide the best support to our children in		
care and care leavers, it is essential that the performance of the Children in Care service is		
monitored and open to scrutiny by Corporate Parenting Board ('Board') members. The purpose of		
this report is to provide the Board with the most up to date Children in Care performance data,		
relevant to the areas being discussed at the November 2017 Corporate Parenting Board meeting.		
The report highlights results covering the first and second quarters of the 2017-18 financial year.		
Recommendation(s):		
1 To acknowledge the current performance position of the Children in Care service, against		
identified key performance indicators, as detailed in the appendix. Where necessary, members		
are invited to offer suggestion for remedial action in areas of poor performance and developmental suggestions in all other areas.		

## 1 REASONS FOR RECOMMENDATIONS

1.1 As Corporate Parents, ensuring the best possible outcomes for our children is paramount. It is not possible to establish how well we are supporting our children to achieve their full potential, without having a clear understanding of our performance in regards to key performance indicators.
