YEI 18-29 Extension: This has now ended and the final outcomes are as follows; unfortunately we were slightly down on engagement. This was due to very late confirmation of the extension and a decision by Sharon Mills to stop engaging clients beyond a certain date as the extension was not in place. We were unable to make up the shortfall in the timescale available. However, we exceeded our target for getting people into work. Overall, the YEI contract was very successful.
