Notes on the new format:

Column 2: report title and content will in the future have a brief 1 sentence summary. This will enable board members to identify items which are of specific interest to them and may require prior work or contact to support the item. I will ask report authors to give me this when submitting an item for the forward plan.

Column 3: contains the contact details. This will enable board members to contact the report writer for key areas on which they may wish to consult their members prior to the meeting.

Column 5. This will be a cross reference against the CEG forward plan.
