	Report for Information
Title:	Update on the Proposed merger of Nottingham City and Nottinghamshire CCG
Lead Board Member(s):	
Author and contact details for further information:	Sarah Carter Executive Director – Transition Operations, HR and Organisational Development Nottingham and Nottinghamshire CCGs Sarah.Carter21@nhs.net
Brief summary:	<p>In April 2019, following many years of ever-closer collaboration and integration, each of the six Clinical Commissioning Groups Governing Bodies formally agreed in principle the proposal to merge and create a single, strategic commissioning organisation for Nottingham and Nottinghamshire.</p> <p>During May and June the CCG undertook a stakeholder consultation with GP member practices, Healthwatch, local authorities and other key stakeholders, which has confirmed widespread support for a full merger.</p> <p>In July 2019, at our first joint Governing Board meeting ‘in common’, leaders approved the decision to submit a merger application to NHS England. The application is in accordance with CCG governance arrangements, and reflects a vote undertaken with member GP practices in June 2019 where 86% of those GPs who voted expressed support for a full merger.</p> <p>The draft application for the proposed merger is now to be submitted to NHS England. If successful the new single CCG organisation would become operational on 1 April 2020 and would be known as ‘NHS Nottingham and Nottinghamshire Clinical Commissioning Group’, in line with the regulations in The National Health Service (Clinical Commissioning Groups) Regulations 2012 (3) to (6).</p>

Recommendation to the Health and Wellbeing Board:

The Health and Wellbeing Board is asked to:

- a) Note the update following the stakeholder consultation on the proposed merger of the six CCGs
- b) Review the final draft findings and feedback on the stakeholder consultation

Contribution to Joint Health and Wellbeing Strategy:	
Health and Wellbeing Strategy aims and outcomes	Summary of contribution to the Strategy
Aim: To increase healthy life expectancy in Nottingham and make us one of the healthiest big cities	Fundamental changes to our system architecture are an enabler for commissioning care and transformation in more joined-up ways, working across organisational boundaries and thinking less in terms of where care is delivered and more on the outcomes it is delivering, therefore providing the best care possible for the people of Nottingham and Nottinghamshire.
Aim: To reduce inequalities in health by targeting the neighbourhoods with the lowest levels of healthy life expectancy	
Outcome 1: Children and adults in Nottingham adopt and maintain healthy lifestyles	
Outcome 2: Children and adults in Nottingham will have positive mental wellbeing and those with long-term mental health problems will have good physical health	
Outcome 3: There will be a healthy culture in Nottingham in which citizens are supported and empowered to live healthy lives and manage ill health well	
Outcome 4: Nottingham's environment will be sustainable – supporting and enabling its citizens to have good health and wellbeing	

How mental health and wellbeing is being championed in line with the Board's aspiration to give equal value to mental and physical health
