

	A	B	C	D	E	F	G	H	I
1	Polling District	Polling District Change	Polling Place	Polling Place Change	Proposed New Polling Place	Summary of Proposed Polling District Revision (see Appendix 3 for map and further details)	Summary of Proposed Polling Place Revision (see Appendix 3 for map and further details)	Update	
2	ASPA	Y	Bells Lane Community Centre, 194 Amesbury Circus, NG8 6DD	N		The proposal is to extend the polling district of Aspley A to include those electors in Aspley C, who are nearest to the polling place.			
3	ASPB	Y	Denton Green Training Centre, Denton Green, NG8 6GD	N		The proposal is to change the boundary to accommodate the remaining electors from the old Aspley C and the removal of some electors to be merged into the old Aspley F.			
4	ASPC	Y(DELETE)	Bells Lane Community Centre, 194 Amesbury Circus, NG8 6DD	N		The proposal is to incorporate the majority of electors in Aspley C closest to the Bells Lane Community Centre into Aspley A, with the remainder being assigned to Aspley B. This proposal will mean that the current Aspley C polling district will no longer exist.			
5	ASPF	Y (RENAME ASPC)	Bramley Green Centre, Bramley Green, NG8 6LG	N		The proposal is to incorporate some electors from Aspley B into the existing Aspley F polling district to help equalise the electorate across the ward. The polling district will be renamed Aspley C.			
6	BASA	Y	Highbury Vale Community Centre, Brooklyn Road, NG6 9ES	N		The proposal is to move electors to the east side of Park Lane and included them in Basford A in order to equalise the electorate across the ward and reduce the electorate currently voting in Basford B .			
7	BASB	Y	Community Room at Southwark Primary School, Park Lane, NG6 0DT	N		The proposal is for those electors furthest away from the polling place on the easterly side of Park Lane (as above), and the southerly side of Arnold Road to be moved into Basford A and Basford F, in order to reduce the electorate.			
8	BASC	N	Headstocks Public House, Bagnall Road, NG6 8SF	N		The original proposal was to include electors from the northerly part of Basford D into Basford C as the electorate is currently low and with a view to equalising the electorate across the ward. Since the consultation and the most recent election it was considered more appropriate to merge the whole of Basford D with Basford E, as this piling station was considered more convenient for the majority of electors affected.			
9	BASD	Y (DELETE) Merged into BASE	The Mill Public House, Bagnall Road, NG6 0JY	Y(DELETE)		The proposal is to merge the electorate in Basford D into Basford E resulting in the current Basford D being removed.			
10	BASE	Y	Old Basford Community Centre, Bramble Close, NG6 0QG	N		The original proposal was to incorporate electors from the southerly end of Basford D polling district only into Basford E. However, since the consultation and the recent election is was considered more appropriate to merge the whole of Basford D polling district with Basford E. This change is to increase the electorate, which is currently lower than average and the Basford E polling station can accommodate the increase in electorate. The proposals will mean that the current Basford D polling district will no longer exist and Basford E will be renamed Basford D. All subsequent polling district in Basford ward will need to be renamed.			

	A	B	C	D	E	F	G	H	I
11	BASF	Y	Vernon Park Pavilion, Vernon Avenue, NG6 OAP	N		The proposal is to extend the boundary to incorporate 230 electors from Basford B, so that those electors do not have to cross Arnold Road. This will also reduce the electorate within Basford B and will help equalise the electorate across the ward.			
12	BERB	N	Portable Unit, Junction of Perry Road and Hucknall Road, NG5 1GN	N	The Viceroy Indian Restaurant, Hucknall Road		The original proposal was to use The Viceroy Indian Restaurant. This venue is located just across the road from the location of the portable unit but provides a ground floor accessible space for electors to vote. Parking is available directly outside and on the roads nearby. However, recent developments mean that this venue may no longer be available in the future and therefore the decision has been made to continue to use the portable unit instead, due to no other alternative being available.		
13	BERF	Y	Forest Fields Community Centre, Sturton Street, NG7 6HU	N		The proposal is to merge polling districts Berridge F & G together. The electorate is fairly large and will require a split polling station. The Forest Fields Community Centre is a better location and is large enough to accommodate this.			
14	BERG	Y(DELETE) Merge with BERF	Forest Fields Advice Centre, 69 Wiverton Road, NG7 6NU	Y(DELETE)		The proposal is to merge electors from Berridge G with Berridge F and remove Berridge G completely.			
15	BESA	Y	Community Room at Masson Court, Meregill Close, NG5 9NG	N		The proposal is to make a slight amendment to the polling district boundary to remove the electors on the top of Bestwood Park Drive West to incorporate them into Bestwood B			
16	BESB	Y	Bestwood Park Church, Beckhampton Road, NG5 5NG	N		The proposal is to change to the polling district boundary of Bestwood B in order to equalise the electorate and make better use of locations with parking facilities. The top section of the existing Bestwood B has been merged with a small section of Bestwood A , north of Bestwood Park Drive and a section of Bestwood D south of Beckhampton Road.			
17	BESC	Y	The People`s Church, Gladehill Road, NG5 5SA	N		The proposal is to change to the polling district boundary of Bestwood C in order to equalise the electorate and make better use of locations with parking facilities. The bottom section of the existing Bestwood B has been merged with Bestwood C to increase the electorate and make the polling station centrally located to all electors.			
18	BESD	Y	Bestwood Park Community Centre, Beckhampton Road, NG5 5NE	N		The proposal is to change to the polling district boundary of Bestwood D in order to equalise the electorate. The top section of the existing Bestwood D, north of Beckhampton Road has been merged with Bestwood E. These polling districts have been merged previously and have voted at the same location for the last few years. The reduction in electorate will help ease any parking issues, as there is only on street parking available.			
19	BESE	Y(DELETE) Merge with BESD	Bestwood Park Community Centre, Beckhampton Road, NG5 5NE	Y(DELETE)		The proposal is to merge electors from Bestwood D & E together and remove Bestwood E completely. This will require the renaming of Bestwood F & G			

	A	B	C	D	E	F	G	H	I
20	BILA	Y	Strelley Social Club, Helston Drive, NG8 6JZ	N		The proposal is to merge polling districts Bilborough A & B together. The change is required due to the recent ward boundary review, which moved the boundary so that some electors and the current polling place for Bilborough B polling district are no longer in this ward. The current polling place of Bramley Green Centre, Bramley Green and this is now being used for electors in the Aspley ward.			
21	BILB	Y (DELETE) Merged with BILA	Bramley Green Centre, Bramley Green, NG8 6LG	Y(DELETE)		The proposal is to merge Bilborough A & B together and remove Bilborough B completely. This will require the renaming of the rest of the Bilborough polling districts			
22	BULB	Y	Healthy Living Centre, Lawton Drive, NG6 8BL	N		The proposal is to change to the polling district boundary to remove the electors from Norwich Gardens from Bulwell A and incorporate them into Bulwell B. This change will help equalise the electorate in the two districts and be more convenient for the electors of Norwich Gardens.			
23	BUFA	Y	The Church on Rise Park, Revelstoke Way, NG5 5EB	N		The proposal is a slight change to the current Bulwell Forest A polling district boundary to incorporate 87 electors from Pinehill Close from Bulwell Forest C. This will ensure that all properties north of Top Valley Drive are included in Bulwell Forest A.			
24	BUFB	Y	St. Mary's Church, Highbury Road, NG6 9AF	Y	Chatham Court, Station Road	The proposal is to change the polling district boundary to incorporate electors from Chatham Court and surrounding roads into the Bulwell Forest B polling district so that they can benefit from the most convenient place to vote.	The proposal is to use Chatham Court, Station Road as the polling place at future elections. This is due to St Mary's Church having limited access, as it is sited at the top of a steep slope, which can make it difficult for some electors. Chatham Court is at the edge of the district but provides flat level access directly into the communal room.		
25	BUFF	Y	Oakleigh Social Club, 1 Highbury Road, NG6 9DD	N		The proposal is to change the polling district boundary to remove electors from Chatham Court and surrounding roads and merge them into the Bulwell Forest B polling district. The remaining electors in the southerly part of the polling district will continue to vote at the oakleigh Social Club			
26	CASC	Y	Holiday Inn, 12 Castle Bridge Road, NG7 1GX	N		The proposal is to change the polling district boundary to incorporate electors to the south of Lenton Road in Castle D into Castle C. A new polling place has been located within Castle Marina and feedback suggests that electors, resident on Castle Boulevard and surrounding streets would benefit from voting at this new location as well. The electorate for Castle C is currently very low so can easily accommodate the increase.			
27	CASD	Y	St. Barnabas Cathedral Hall, North Circus Street, NG1 5AE	N		The proposal is to incorporate some electors to the south of Lenton Road into Castle C. This change is to help reduce the electorate within Castle D and to provide electors in the south of the district with a more convenient place to vote.			
28	CLEB	Y	Clifton Methodist Church, Rivergreen, NG11 8AR	N		The proposal is to amend the existing Clifton East B polling district by expanding it to include the proportion of the Clifton East D polling district sited to the west of Southchurch Drive.			

	A	B	C	D	E	F	G	H	I
29	CLEC	N	Hope Centre, 2 Southchurch Drive, NG11 8AR	Y	Clifton Leisure Centre, Southchurch Drive		The proposal is to change the polling place to ensure that it is within the polling district boundary. The new proposed venue is the Clifton Leisure Centre, which has a fully accessible room with good facilities and a large car park. The Leisure Centre is in the most southerly corner of the district but is well known and immediately on the bus and tram routes.		
30	CLED	Y	Clifton Young People`s Centre, Green Lane, NG11 9AY	N		The proposal is for the revised Clifton East D polling district and the existing Clifton East E polling district be merged. A combined polling district would bring together the southern residential area enclosed by Southchurch Drive and Farnborough Road. The combined electorate remains comfortably within the 2,500 limit.	The proposal is to use the Clifton Young People`s Centre, as the new polling place for the proposed combined district as parking can be difficult during peak times at the school.		
31	CLEE	Y- Delete Merge with CLED	Blessed Robert Widmerpool Academy - Community Room, Listowel Crescent, NG11 9BH	Y(DELETE)		The proposal is to merge Clifton East D & E together and remove Clifton East E completely. This will require the renaming of the rest of the Clifton East polling districts			
32	CLEF	Y	Highbank Community Centre, Farnborough Road, NG11 9DG	N		The proposal is for the existing polling districts for Clifton East F & G to be merged. Both of these districts are to the south of Farnborough Road and are therefore distinctly separated from the rest of the ward. The Highbank Community Centre can accommodate the increase in electorate and the highbank school will no longer have to close. If the previous proposals to merge other districts are agreed then this polling district will need to be renamed.			
33	CLEG	Y- Delete Merge CLEF	Highbank Primary School, Winscombe Mount, NG11 9FP	Y(Delete)		The proposal is to merge Clifton East F & G together and remove Clifton East G completely.			
34	CLWD	N	Dovecote Primary School Sports Hall, Greencroft, NG11 8EY	Y	Clifton Community Centre, Southchurch Drive		The proposal is to use the Clifton Community Centre as the polling place as it has a large hall and is fully accessible. The Clifton Community Centre is outside the polling district and ward, however due to no other polling place being available within the polling district and portable units not being as accessible, this is considered a special circumstance.		
35	CLWG	Y	Park Gate Community Centre, Chamberlain Close, NG11 8RX	N		The proposal is to separate the Larkhill Retirement Village, located to the south of the existing polling district, into a separate area. Whilst the electorate of the existing polling district is comfortably within the permitted limit, residents of the retirement village currently can only access the polling station at Park Gate Community Centre via the main road.			
36	CLWH	Y	Proposed new polling district	Y	Communal Room, Larkhill Retirement Village	The proposal to separate the Larkhill Retirement Village from the existing 'G' polling district into its own separate area. Whilst the electorate of this polling district would be low, feedback received has informed us that residents of the retirement village can only access the polling station at Park Gate Community Centre via the main road as there is no access directly from the retirement village. Given the unique demographic of this area, it is deemed suitable to create a separate polling district for these electors.	The proposal is to a communal room at Larkhill Retirement Village. The management team at Larkhill Retirement Village have confirmed that they would be willing to offer use of one of their rooms at no cost to the Council.		

	A	B	C	D	E	F	G	H	I
37	DALA	Y	Muslim Community Organisation Centre, Beaumont Street, NG2 4PJ	N		The proposal is to change the polling district boundary of Dales A, to incorporate those electors nearest to the Muslim Community Centre from Dales B polling district. This change is required to equalise the electorate across the ward and make the polling places more convenient to electors. The changes will incorporate electors around the vicinity of St Stephen's Road and Sneinton Hermitage into the Dales A polling district.			
38	DALB	Y	Sneinton Library, Sneinton Boulevard, NG2 4FD	Y	St Christophers Church Hall, Trent Road	The proposal is to change the polling district boundary of Dales B, to incorporate electors from the westerly end of Dales G nearest to the proposed polling station of St Christopher's Church Hall on Trent Road. The middle section of the existing Dales B also nearest to the St Christopher's Church hall will make up the remainder of the district from Sneinton Dale down to Colwick Road. This change is required to equalise the electorate across the ward and make the polling places more convenient to electors.	The proposal is to use the St Christopher Church Hall as the new polling place as it is centrally located in the new polling district. The church hall is large space which is fully accessible to all electors.		
39	DALC	N	Portable Unit at Starting Gate Car Park, Daleside Road East, NG2 4DX	Y	Starting Gate Public House, Daleside Road		The proposal is to use the Starting Gate public house instead of a portable unit in the car park. The Starting Gate has ramped access at the rear of the premises directly into the venue, so has better access than the portable unit. The venue is open plan and screening is recommended to keep the polling area separate from other areas of the premises, which will be open to patrons on the day.		
40	DALG	Y	Sneinton Children's Centre, Edale Road, NG2 4HT	Y	The Dales Centre, Sneinton Dale	The proposal is to change the existing Dales G boundary to accommodate some electors from the existing Dales B who are nearest to the proposed new polling station of The Dale Centre. This change is to help equalise the electorate and make the polling stations for convenient for electors.	There is a change to the existing polling place of the Children Centre on Edale Road to the new Dales Centre on Sneinton Dale. The new venue is on the main road, fully accessible and on a bus route. The Children's Centre was up a hill and not convenient for some electors.		
41	DALH	NEW		NEW	The Greenway Centre, Trent Lane	The proposal is to form a new polling district for the roads south of Colwick Road and serving the new build properties in the new Waterside development near the river. It is noted that there may be another location for electors living in the Waterside development at a later date which is not currently built, so until then they can be served by this polling district instead.	The proposal is for a new polling station at the Greenway Centre on Trent Lane. The centre as large room with ramp, so is fully accessible and a large car park to the rear.		
42	HGAA	N	The Bridge Centre, Boulevard United Reformed Church, Gregory Boulevard, NG7 5JA	Y	The Vine Community Centre, Bobbersmill Road (cannot be merged with HGAC due to being in different parliamentary boundaries)	There is no proposed change to the polling district boundary. The electorate is small (only 572 electors) but these people cannot be incorporated into any other polling district due to the properties being in another parliamentary constituency, as a result of the recent ward boundary review. Therefore, these 572 electors must be kept separate until the parliamentary boundaries are redrawn.	Due to size of the electorate in this polling district the electors voted last time with electors in the adjacent polling place in Hyson Green & Arboretum C, it is therefore proposed that this be continued but in the new polling place of The Vine Community Centre, which has better facilities and car parking available.		
43	HGAB	N	Radford Care Group, 25-31 Prospect Street, NG7 5QE	Y	Mount Zion Millennium City Church, Churchfield Lane		The proposal is to change the polling place due to the closure of The Radford Care Group on Prospect Street. The Mount Zion Millennium City Church at the corner of Churchfield Lane is proposed as the new polling place. The church has a large space and parking available.		

	A	B	C	D	E	F	G	H	I
44	HGAC	N	The Bridge Centre, Boulevard United Reformed Church, Gregory Boulevard, NG7 5JA	Y	The Vine Community Centre, Bobbersmill Road (cannot be merged with HGAC due to being in different parliamentary boundaries)	See HGAA	The proposal is for The Vine Community Centre to be the polling place for Hyson Green and Arboretum C & A. This is due to polling district A being too small on it's own and the Vine Community Centre is centrally located in between these two districts. The Vine Community Centre is over the boundary in Hyson Green & Arboretum a but has better access and plenty of parking available		
45	HGAE	Y	7th Nottingham Scouts Trafalgar Lodge, Noel Street, NG7 6AW	N		The proposal is to change to the polling district boundary to equalise the electorate across the ward and to remove some electors from between Forest Road and Waterloo Promenade and the Tennyson Hall and incorporate them into Hyson Green and Arboretum F polling district.			
46	HGAF	Y	Tennyson Hall, Unit C, Forest Road West, NG7 4EP	N		The proposal is to incorporate electors from Hyson Green and Arboretum E into this district. In addition to this, electors from the top section of Hyson Green and Arboretum G are also included as the Tennyson Hall is a more convenient polling place for the electors in this area.			
47	HGAG	Y	Newton & Arkwright Building, Nottingham Trent University, Main Entrance, NG1 4BU	Y		The proposal is to remove electors from the top right-hand section of the district, so that they can vote in a more convenient polling place.	At the general election the Newton & Arkwright building was not available and we located an alternative venue just across the road at The Fellowship Room, St Andrews Church. This venue was well used with one of the highest turnouts in the city and worked extremely well. Therefore the decision has been made to continue to use this venue at future elections.		
48	LEEA	Y	St. Teresa's Church Hall, Kingsbury Drive, NG8 3EP	N		The proposal is to change the polling district boundary to equalise the electorate across the ward and ensure that electors go to the most convenient polling place. Therefore, this polling district has been split with a north south divide, the top section will continue to vote at the St. Teresa's Church Hall and the bottom section will be integrated into the new Leen Valley B polling district. In addition to this a small section of electors from Leen Valley C will also be integrated into the new Leen Valley A polling district			
49	LEEB	Y	Beechdale Public House Function Room, Beechdale Road, NG8 3FE	N		The proposal is to change the boundary to equalise the electorate across the ward and ensure that electors go to the most convenient polling place. Therefore, this polling district has been split with a north south divide, the top section will now to vote at the St. Teresa's Church Hall and the bottom section will continue to vote at the Beechdale Public House. In addition to this electors to the east of Beechdale Road will be incorporated into the new Leen Valley B polling district from Leen Valley A. The existing polling place of the Beechdale Public House is outside the polling district and ward, however due to no other polling place being available and portable units not being as accessible, this is considered a special circumstance.			

	A	B	C	D	E	F	G	H	I
50	LEEC	Y	Lutheran Church Hall, 67 Homefield Road, NG8 5GH	N		The proposal is to change the polling district boundary to merge the existing Leen Valley C and D polling districts, minus the electors that have been removed from Leen Valley C to join Leen Valley A polling district. Leen Valley C and D have been voting in the same polling place for a number of elections, therefore this would formalise the current arrangements.			
51	LEED	Y-DELETE Merge with LEEC	Lutheran Church Hall, 67 Homefield Road, NG8 5GH	Y(DELETE)		The proposal is to merge Leen Valley C & D together and remove leen valley D completely.			
52	MAPC	Y	St. Jude's Church Hall, Woodborough Road, NG3 5HE	N		The proposal is to change to the polling district boundary for Mapperley C to move electors to the west of The Wells Road into Mapperley C, to make it more convenient for the electors in this area to vote.			
53	MAPD	Y	Mapperley Community Centre, 589 Woodborough Road, NG3 5GG	N		The proposal is to change the polling district boundary for Mapperley D to move electors to the west of The Wells Road out of Mapperley D and into Mapperley C. This will be more convenient for electors as the parking at The Mapperley Community Centre is very restricted and with the current large electorate it can be difficult to park at busy times. The St Jude's Church Hall is a larger venue and has ample parking, so will be able to accommodate a higher electorate.			
54	MEAA	Y	Briar Court Communal Room, Soudan Drive, NG2 1PD	N		The proposal is to change to the polling district boundary for Meadows A, to move electors to the east of Ayton Close into Meadows B and move electors from the southern section of Meadows B into Meadows A. This change is proposed due to feedback received from the survey conducted after the recent elections.			
55	MEAB	Y	Queens Walk Community Centre, Queens Walk, NG2 2DF	N		The proposal is to change the polling district boundary for Meadows B to move electors east of Ayton Close into Meadows B from Meadows A and move electors from the southern section of Meadows B into Meadows A. In addition to this, due to the large amount of 'new builds' nearing completion in the north of Meadows B, some properties from Meadows B will be incorporated into a new polling district called Meadows E.			
56	MEAE	NEW		Y	Communal Space at Saffron Court	There is a proposal to create a brand new polling district for the 'new builds' in the current Meadows B polling district. To the north of Meadows B a significant amount of 'New builds' are about to be completed so an additional polling district is required. In addition to this electors to the east of Meadows Way currently in Meadows B will be included in this new polling district as it will be more convenient for them to vote in the new polling district.	The proposal is to use the communal space in the newly built Saffron Court. The Communal Space is on the ground floor and is fully accessible. This venue will be ideal for the residents of the block and the surrounding roads .		
57	MEAF	NEW	To be confirmed at a later date		Once new builds completed to the east of London Road Y MEAD will be split to create a new MEAF	Not required yet			
58	RADA	Y(DELETE) Merge with RADB	Radford Care Group, 25-31 Prospect Street, NG7 5QE	Y(DELETE)		The proposal is to merge electors from Radford A and Radford B polling districts together. This will result in Radford A polling district being removed completely.			

	A	B	C	D	E	F	G	H	I
59	RADB	Y	John Carroll Leisure Centre, Denman Street, NG7 3PS	N		The proposal is to change the polling district boundary for Radford B to merge electors from Radford A and Radford B together. The change is due to the Methodist Church Hall on Forster Street no longer being available and the absence of any suitable alternative polling place in the Radford A polling district. If agreed the merged polling district will be renamed Radford A and all other district will need to be renamed.			
60	SHEB	N	The Leisure Centre Club City Hospital, City Hospital Campus, Hucknall Road, NG5 1PB	Y	Sherwood Education & Culture Centre, Edwards Lane (formerly fiveways)		The proposal is to use the Sherwood Education & Culture Centre (formerly fiveways) as a polling place. This change is due to the lack of parking identified at recent elections at the City Hospital Social Club as the new venue has a large free car park available and is fully accessible also.		
61	SHEC	Y(DELETE) Merge with SHED	Sherwood Community Centre, Woodthorpe House, Mansfield Road, NG5 3FN	Y(DELETE)		The proposal is to merge electors from Sherwood C and Sherwood D polling districts together. This will result in Sherwood C polling district being removed completely.			
62	SHED	Y	Sherwood Community Centre, Woodthorpe House, Mansfield Road, NG5 3FN	N		The proposal is to merge the electorate of Sherwood C & D together to formalise the arrangements that have been in place at the last two elections, as both voted at the Sherwood Community Centre, which worked well. If the proposed merge is agreed then the new polling district will be renamed Sherwood C and all the other Sherwood polling districts will need to be renamed.			
63	ANNB	Y	Small Hall at International Community Centre, 61B Mansfield Road, NG1 3FN	Y	Communal Room Dane Court, Dane Close	The proposal is to change the polling district boundary of St Ann's B to equalise the electorate and provide a more convenient polling place for the electors on the easterly side of Woodborough Road in St Ann's B, as some concerns have been raised about the distance and parking arrangements at the International Community Centre.	The proposal is to use the Communal Room at Dane Court, which is situated in the centre of the new district. The change will be more convenient for those electors affected, as they will not be required to cross both Huntingdon Street and Mansfield Road, which are two extremely busy roads. The room is fully accessible with direct access from a walkway.		
64	ANNC	Y	St. Augustine's Church Hall, Westville Gardens, NG3 4QF	N		The proposal is to change to the polling district boundary of St Ann's C by expanding it to incorporate electors on the westerly side of Woodborough Road in the St Ann's B polling district. This change will help equalise the electorate and provide a more convenient polling place for these electors, as some concerns have been raised about the distance and parking arrangements at the International Community Centre.			
65	ANND	Y	St. Ann's Valley Centre, 2 Livingstone Road, NG3 3GG	N		The proposal is to change the polling district boundary of St Ann's to expanded it to incorporate electors on the easterly side of The Wells Road in the St Ann's F polling district. This change will help equalise the electorate and provide a more convenient polling place for the electors nearest to the Wells Road, as some concerns have been raised about the distance and steep hills that some electors have to climb in order to vote at the Greyfriars Club.			

	A	B	C	D	E	F	G	H	I
66	ANNF	Y	Greyfriars Club, Gordon Road, NG3 2LG	N		The proposal is to change to the boundary of the current St Ann's F polling district to remove all electors from below Bluebell Hill Road down towards The Wells Road, so that these electors vote at the St Ann's Valley Centre in polling district D. In addition to this the remaining St Ann's F electorate will be amalgamated with St Ann's G, to create the new St Ann's F polling district. These electors will continue to vote at the Greyfriars Club.			
67	ANNG	Y(DELETE) Merge with ANNF	Greyfriars Club, Gordon Road, NG3 2LG	Y(DELETE)		The proposal is to merge electors from St Ann's F and St Ann's G polling districts together. This will result in St Ann's G polling district being removed completely.			
68	ANNH	N	Russell Youth Club, Lowdham Street, NG3 2DP	Y	Cherry Lodge once it is completed if accessible		Concerns have been raised about parking at the Russell Youth Club and it's location across the main road away from most of the electorate. The proposal is to continue to use the Russell Youth Club, until such time as work is completed on the Cherry Lodge, King Edward Park and this venue can be access for suitability. If the Cherry Lodge is fully accessible once completed then the polling place will be changed to this location.		
69	WOWA	Y	Wollaton Library, Bramcote Lane, NG8 2NA	N		The proposal is to change the polling district boundary for Wollaton West A. As feedback from the recent election suggested that some have to travel a significant distance to vote, when another polling station is nearer. Therefore the proposal is to remove some electors on or around Torvill Drive from Wollaton West A and incorporate them into Wollaton West B. These electors will now vote at the Kingswood Methodist Church Hall, Lambourne Drive			
70	WOWB	Y	Kingswood Methodist Church Hall, Lambourne Drive, NG8 1GR	N		The proposal is to change the polling district boundary for Wollaton West B to incorporate electors from on or around Torvill Drive in Wollaton West A. This is to allow these electors to vote at the Kingswood Methodist Church Hall, Lambourne Drive, which is closer and more convenient for these electors.			
71	WOWD	N	Wollaton Children`s Centre, Arleston Drive, NG8 2FZ	Y	St Thomas More Church Hall, Glenwood Avenue		The proposal is to change the polling place to the St Thomas More Church Hall, due to parking being an issue at the Wollaton Children Centre, especially during school drop off and pick up times. The St Thomas More Church hall has a large car park available and is fully accessible.		
72	WOWE	Y	Grangewood Methodist Church, Grangewood Road, NG8 2SJ	N		The proposal is to change the polling district boundary for Wollaton West E. Whilst the existing electorate is of a suitable size, it is intended to separate the northwestern proportion of the existing polling district around the Nidderdale estate into a separate polling district. These electors will now vote at the Vale Community Centre on Wollaton Vale.			
73	WOWF	Y	Proposed new polling district	Y	Vale Community Centre, Wollaton Vale, NG8 2JA	This is a proposed new polling district comprising of the area to the north-west of Grangewood Road to incorporate the Nidderdale estate. Whilst the new polling district will have a low electorate, it is believed that separating the area from the existing polling district will benefit the residents by enabling them to vote in a more convenient location.	The proposed polling station is the Vale Community Centre, Wollaton Vale. The polling station is outside the polling district and ward, however due to no other polling place being available and portable units not being as accessible, this is considered a special circumstance.
