

Resources	Notes
9 x Crash pad flats	<ul style="list-style-type: none"> <li>• 24/7 instant access emergency shelter, designed as a suitable and supported alternative to B&amp;B</li> <li>• Maximum length of stay 7 nights.</li> <li>• 9 x one bed self-contained flats over 2 sites.</li> <li>• 4 of the flats will be for people with multiple and complex needs and will have 24-hour onsite staffing cover. The other 5 flats for people who are new to rough sleeping and provided under NFNO/NSNO.</li> <li>• Specialist workers focussed on rapid resettlement to alternative provision.</li> <li>• The aim is to retain this service beyond the cold weather period.</li> </ul>
New 10 bed Supported accommodation project	<ul style="list-style-type: none"> <li>• 10 bedroom short term supported accommodation project with 24-hour onsite staffing cover for rough sleepers with multiple and complex needs.</li> <li>• Move on within 3 months – mirroring the Sneinton Hermitage model which is achieving good outcomes but is oversubscribed with demand is outstripping supply of the bed spaces.</li> <li>• The aim is to retain this service beyond the cold weather period.</li> </ul>
Move on coordinator	<ul style="list-style-type: none"> <li>• 1 x targeted move on coordinator working intensively to unlock practical barriers to move on from supported accommodation.</li> <li>• The move on coordinator will be responsible for supporting over stayers in supported accommodation. They will seek to unblock the barriers that are causing delays to people moving into settled or specialist supported accommodation. This could include chasing a stuck referral, signup setback or other activity to bridge the resettlement transition gap between supported accommodation and tenancy support.</li> <li>• The removal of delays to move on will increase throughput and generate greater availability of bedspaces in supported accommodation that can be accessed by rough sleepers.</li> </ul>
Evening outreach service	<ul style="list-style-type: none"> <li>• 3 x additional outreach workers</li> <li>• The existing outreach team deliver outreach from 5am to 8am to conduct welfare checks and try to get people to engage in support. Experience from last winter indicates that people did not accept accommodation offers during the day shift but that they would ring the out of hours number in the evening as the temperature dropped. The introduction of a 5pm-10pm shift will ensure that rough sleepers are found and referred into available emergency shelter/ accommodation.</li> <li>• Arrangements are being made for a plain-clothes community protection resource to accompany the outreach team to help address circumstances where rough sleepers are refusing to accept shelter in favour of begging activity.</li> </ul>
8 x bedspaces in existing hostel	<ul style="list-style-type: none"> <li>• 8 x individual bedrooms in an existing supported accommodation project.</li> <li>• The costs cover a £10k contribution to capital costs required to undertake the building works required to introduce these additional beds to the hostel in compliance with health and fire safety recommendations.</li> <li>• The remaining funding will cover the enhanced staffing resource required to deliver the beds.</li> <li>• Once open the bedspaces will operate continuously, regardless of the weather</li> <li>• Once accommodated the rough sleepers will be assessed and referred into longer term housing options.</li> </ul>
Detox / hospital discharge bedspaces	<ul style="list-style-type: none"> <li>• 7 day detox for 4 x individuals with NRPF pending repatriation or support with settled status application.</li> <li>• Up to 14 nights step-down/rehabilitation for 3 x individuals following hospital discharge.</li> </ul>
